

Camp CO – Limbra Farmville

A short impression, for a wonderful time. From Pipsa Kaikkonen

We got the chance to eat as many fries as we wanted to, so we were all really excited!

Before waterskiing, the brave ones of us (including me and Ilay) went to swimming. The water was really warm, at least for me who comes from Finland.

During the same day as we did waterskiing and swimming, we also had team building exercises. I feel like we got closer after that day.

Some of us wanted to make food for the rest of the group, and it was really fun. Doruk from Turkey and I made "Veggie Burgers". Here you can see Georgia and Greece in the outdoor kitchen.

A group picture from Openluchtmuseum in Arnhem.

And of course, Amsterdam
